MPD – Dr. Mikkelson – Continued encouragement for flu shot. Pullman Emergency Department remodel complete, an open house will be held on Jan. 4th from 5pm-6pm. MCI Training information: Will be held on December 3rd @ 0900 @ WCFD#12's Station on Whelan Rd.

Committees – NA

New Business – Scott Kruse and Randy Miller have created a report through Wemsis for departments to use titled Whitman Co Run Form. 11-1 has a Surface tablet where they will have access to offline report writing, while more than likely other agencies will use online report. Offline version is \$900, which is determined by call volume. Online version is free. Each agency sets up it's own account. Jan 1st is the mandatory which over date to new version. Randy Miller will be @ WCFD12 on 11/30 to talk D12 through the new system, he is able to go to other departments to teach people how to use the new system. Positive feedback on bi-monthly meetings. Alex with ARFF had a concern about them not being dispatched to a seizure that occurred, he was encouraged to email supervisors at Whitcom as soon as those type of situations occur. Sherma requested an EMT class for the Tekoa Fire Department.

Old Business- No status on Rosalia's EMT class. PFD's EMT class is having it's first night of evaluations and their class began the first of October. Marv Pillers was unaware he was going to be doing a website, he is willing to do the website if he needs to or he can pay someone to do it with the \$500 budget that was created for the site. He also will need to know exactly what needs to be on the website, protocols/trainings etc. As of 11/17 nothing had been done on the website.

Training - PFD SEI/BLS Evaluator & Instructor workshop 11/19 with Andrew Chiavars.^h

Meeting Adjourned – 19:47

Next EMS COUNCIL Meeting – January 26th, 2017 Colfax City Council Chambers
